MANIKA KUTIYAL

Tech Learner

I'm a dedicated tech learner currently focused on frontend development, DSA, and Python. Beyond just studying, I believe in growing together — I've taken sessions for peers, led reflections, organized learning activities, and even stepped in as a TnP substitute.
I'm still learning, but I show up — and I believe in bringing others along with me.

EXPERIENCE

NavGurukul, Himachal Campus **MAR 2025 – PRESENT**

Jury Member – Campus Council Formation

- Selected as a student jury member for Etiocracy role interviews
- Evaluated partner communication, leadership, and intent
- Contributed to building a transparent, peer-led campus governance system

NavGurukul, Himachal Campus **Sept 2024 – Mar 2025**

Outreach Facilitator

- Led social media campaigns to showcase student life and culture
- Created and managed content to engage the outside world with the campus
- Completed Coursera course in Social Media Management

LEADERSHIP ROLES

Hackathon Lead Organizer

- Managed students, announcements, and energy during a campus-level hackathon
- Balanced logistics, communication, and peer engagement under pressure

DSA & English Peer Sessions

- Took sessions on DSA basics and created personalized English improvement activities for peers as an English guide.
- Supported fellow learners through regular check-ins and group practice
